

Subject: I support non-animal testing

Date: Monday, June 18, 2007 11:33 PM

I want to thank you, and I support your immediate acceptance of internationally validated, non-animal tests. As a higher species, we're the shepherds of our planet, and it has come time to opt for consideration of all beings that share this life with us; and for identifying how redundant and unnecessary testing on animals is not only a waste of resources and time for us, but is also cruel and unnecessary.

Thanks again for your consideration on the matter,

Regards,

Sandra McCarthy
